

BEER-N-BBQ by Larry

Brew Day Experience

(Learn to Brew & Drink Some Too)

Description: Spend a day brewing beer with YouTube Creator Larry from [BEER-N-BBQ by Larry](#).

The *Brew Day Experience* will include:

- 1) Brew a 5-gallon batch of beer while learning the step-by-step process of brewing beer at home.
 - You can be as hands-on as much as you like, or let Larry step in as needed/desired.
- 2) Choose from a variety of ale styles to brew.
 - Check out some of his published [Beer Recipes](#) on his website or YouTube Channel for ideas. Examples include pale ale, IPA, amber ale, blonde ale, stout, & various wheat beers.
- 3) Choice of brew system to use:
 - The Grainfather – a 5-gallon all-in-one electric brew system. See Larry's [Grainfather Playlist](#) on his YouTube Channel for details.
 - Larry's System – a 10-gallon gas system designed and built by Larry. See his [DIY 10 Gallon Brew System Playlist](#) on his YouTube Channel for details.
 - Other options that may become available.
- 4) Food. (You'll need to eat at some point. It is a brew "day" after all.)
- 5) Finished and packaged beer to take home about 3 weeks later.
 - A 5-gallon batch produces almost 2.5 cases of 12 oz bottles.
- 6) A fun and educational hands-on experience that is hard to get elsewhere.
- 7) An **optional** video appearance on the [BEER-N-BBQ by Larry YouTube Channel](#).

Date: A mutually agreed up date and time (typically on a weekend). NOTE: Expect the brew day to last approximately 6 hours.
